DEC-0104(1U)

1 HDMI INPUT / 4 HDMI OUTPUT 144CH STANDALONE/OSSIA CMS DECODER

The ideal solution for control rooms. Provision-ISR DEC-0104(1U) decoder makes the difference when it comes to durability. The decoder can display up to 144 channels on 4 separate screens, taking the most resource-demanding task from the client – to itself. By doing so, the client is left free to deal with the CCTV unexpected tasks such as handling events, playback, alarms, etc... Each of the 144 windows is dynamic: the user can choose if to use it as a live window, playback window, or an alarm pop-up window!
