To whom it may concern,

**Declaration of non-certified parts**

I am writing to inform you that the following products do not require a CPR certificate;

Article Number	Description
3651-0732	ODW-730-F2, Fibre Optic Modem
1100-0531	MLC2-DDM, Fibre Optic Transceiver
1100-0532	SLC20-DDM, Fibre Optic Transceiver

This is due to the following reasons;

- They are bases, therefore could be used with multiple products but do not have their own certificate.

Patrik Wall, VP production
