

SPW-220 R

INDOOR SIREN WITH OPTICAL AND ACOUSTICAL SIGNALING

An effective and rigid siren is one of key components of intruder security system. SATEL's product range includes a wide selection of different sirens, to suit almost any type of installation.

All these sirens provide several common features: high quality of components used, and advanced technology - just to make them reliable.

FEATURES

- acoustical signaling: piezo transducer
- optical signaling: ultra bright LEDs
- tamper protection:
 - against removing from mounting surface
 - against opening
- available also in blue (**SPW-220 BL**) and orange (**SPW-220 O**)

TECHNICAL SPECIFICATION

Nominal supply voltage	12 V DC ±15%
Average current consumption during operation (optical signaling)	200 mA
Average current consumption during operation (acoustic signaling)	90 mA
Working temperature range	-10°C...+55°C
Housing dimensions	87 x 134 x 37 mm
Weight	199 g
