

VALKYRIE VOX A

ADDRESSABLE VOICE SOUNDER

The VALKYRIE VOX A is a wall mounted Addressable Voice Sounder which is available in either red or white housings. The VALKYRIE VOX A voice sounder is based on our successful Horn type sounder and sounder/ beacon. Up to 32 individually addressed sounders can be installed per loop occupying an address in the range 94 to 125, it can be also configured the shadow mode. The address is set using switches 1 to 5 of the 8 way DIL switch.

With message selection directly programmable via the standard sounder programming of GFE fire alarm control panels, the VALKYRIE VOX A, can broadcast up to 5 differentiated pre-loaded messages: Alert, Fire, Evacuation, Test and Silence Message. The desired messages can be downloaded from our own proprietary recording PC application (VOX LOADER), via a standard USB interface. This product is Loop Controlled and Loop Powered.
